Students have to wear a formal dress, because Matriculation is a gala meeting. And you **must come in time**, who will not come in time, cannot not take part in it. There is really no time to wait for late coming persons. Also put all your stuff to a locker prior the gathering time. There will be no place for your belongings in the lecture hall!

All students from each study group will be assembled together in the corridor. Registrar of study department will invite the whole study group to the Aula hall of Faculty of Medicine and she will show them where to sit according to the list.

It is very important to know where to sit, because students will be read from the list, they will come in front of sitting officials of the Faculty, they will vow on insignia and they will get Matriculation Diploma. We ask students for maximum cooperation, so as everything can be done quickly and matriculation can proceed with dignity.

We also ask students to check the list of each study group on website <http://www2.med.muni.cz/index.php?id=492> and if the list of the study group is not as the same as a reality, please inform the International study office. **Please, if you cannot come to the matriculation ceremony for SERIOUS REASONS, inform immediately the International Studies Office.**

Matriculation ceremony is **for students ONLY**, we do not have seats for guests.

There will be a photographer at the Matriculation and photos will be sent to students. Programme of Matriculation is on the website <http://www2.med.muni.cz/index.php?id=1235>
